

# Unparalleled access to value-based primary care

## Marathon Health Network

Marathon Health operates the most extensive Advanced Primary Care Network in the nation, with 100+ health centers and growing. Your employees and their families are never far away from high-quality healthcare at home or while traveling.

### Benefits

-  Access to any of our nationwide Network locations — at home or when traveling
-  Better health and financial outcomes through our integrated care model, offering continuity across our multi-disciplinary teams
-  Local Marathon Health oversight and support to ensure operational excellence
-  Lower cost of entry with no build-out costs and pricing that reflects your populations' utilization
-  Same focus on value-based care including more face-to-face time with providers, onsite labs, and medication dispensing
-  Convenient care including virtual and in-person care capabilities and access to our concierge referral navigation team
-  An inclusive health benefit with national scope—ensuring access for your entire population
